#### What do you want to sell at the Chester Market?

It is important that you list the products you want to sell and the dates available so that the market manager can plan advertisements and answer questions about available produce during the season. We understand that your product availability depends on many things, but please list all items you plan to sell at the market, including the name and projected dates. All products to be sold during 2017 must be listed on the application for approval. New items intended for sale during the season and not listed must be approved prior to selling by notifying the market manager. If you need more space, please feel free to write on the back.
